OUTDOOR FURNITURE

Kay Park Recreation offers a large selection of park and playground equipment and commercial grade site furnishings, including outdoor tables, grills, benches, trash containers, drinking fountains, planters, umbrellas, bollards, shade canopies, and bike racks. They have a complete line of bleachers and grandstands, as well as some outdoor athletic equipment.

www.kaypark.com

WET FLOOR SAFETY

Dri-Dek's anti-skid, self-draining surface keeps wet floors dry. It's perfect in pool areas, showers, locker rooms and barefoot walkways. Made from anti-microbial oxy-B1™ vinyl to help control bacteria, mold and mildew. Just snap the 12" x 12" interlocking tiles together to form a surface of any length, width, or shape. For samples and more information, visit our website or call 1-800-348-2398.

www.dri-dek.com

LAPTOP KIOSKS

LaptopsAnytime works with universities' administrators to create dynamic laptop and tablet dispensing services. Not only are the systems cost-efficient, but they are also secure and scalable to handle the demands of public computing (and even industrial) environments. Because the kiosks can be left unattended, campuses can consider expanding innovative, self-service computing to places which are unstaffed.

www.laptopsanytime.com

BULLET-RESISTANT DOORS

Overly Door Company, an ISO 9001 Certified Company, is an industry leader in the design and manufacture of bullet-resistant door and window systems and accessories, all of which have been rigorously tested to one or more of the following test standards: UL Standard for Safety 752, or National Institute of Justice Standard 0108.01.

www.Overly.com

INDOOR AIR QUALITY

It is increasingly understood that indoor air quality (IAQ) impacts learning. Dynamic Air Quality Solutions manufactures high-efficiency air cleaning systems that improve IAQ, save energy, and reduce operating costs. Dynamic Air Cleaners remove odors and VOCs in addition to ultrafine particles. The Dynamic V8® Air Cleaning System delivers MERV 15 performance and offers media change-out intervals measured in years instead of months.

FABRIC BUILDINGS

The ClearSpan Fabric Building has been utilized by universities all over the country for over forty years. These structures feature no internal support posts, making them ideal for athletics, storage, workspace, and more. With industry-leading warranties on the cladding and frame, ClearSpan's fabric structures are sure to last decades into the future.

www.ClearSpan.com

SMART MONITORING

The Zurn Elkay SmartPro™ monitor provides real-time visibility to grease, liquid, and solid levels and triggers alarms to pump only when needed. These features allow facility teams to more easily improve pumping cost efficiency, avoid catastrophic back-ups, manage compliance, and maximize uptime.

www.Zurn.com

COMMERCIAL RIDE-ON MOWERS

With up to eight hours of continuous mowing time, an expansive 74" deck, speeds up to 13 mph, 20-degree slope capability, and horsepower comparable to a 40-horsepower diesel mower, the EVO is sure to please any large area commercial mowing operator.

Create Powerful Active Learning Classrooms with ShareLink Pro

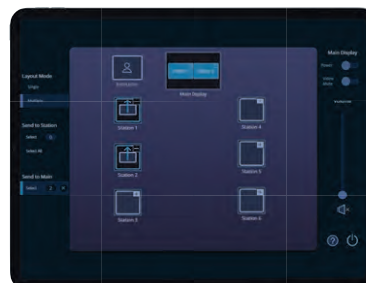

With Extron ShareLink Pro, you can create modern active learning spaces that enhance student engagement and empower learning. Simply use our popular ShareLink Pro 1100 coupled with an Active Learning LinkLicense to create dynamic active learning environments. Students can share content wirelessly, both on a local display for small group discussion and on the main room display to compare and share their work with the entire class. Instructors have ultimate control over display assignments using an optional tablet or touchpanel. Create your active learning spaces today with ShareLink Pro.

Features

- Share content between multiple ShareLink Pro 1100 devices
- Ideal for active learning environments
- Saves equipment and installation costs
- Display assignments controlled by optional Instructor tablet or touchpanel
- Instructor control template makes it easy to customize your room configuration
- ShareLinkPro 1100 works with LinkLicense for Active Learning to deliver an engaging learning experience

Simple User Interface for Instructor Control

Using a tablet or touchpanel, instructors can easily control how the content from student stations or the instructor station is shared to the main display and all other displays in the room.

PC MASTER STATION SOFTWARE

Convert a PC into a campus security intercom. Compatible with their IX Series, Aiphone's IX-SOFT allows features to be controlled directly from a computer. With the intuitive software, it's simple to identify visitors before unlocking the door, use the interactive map for monitoring, broadcast messages or alerts, and record conversations.

www.aiphone.com

MOISTURE MEASURING KIT

With the Ligno-VersaTec moisture meter, users can select the right measuring mode to fit the job on hand: pin mode, scan mode, or thermo-hygrometer mode. Potential uses include tracking moisture problems with hand probes up to 7" deep or measuring the humidity in a crawl space with the RH Bluepeg probe. The Ligno-VersaTec can check all moisture problems.

www.lignomat.com

EMERGENCY LIGHTING

IOTA® ILB AELR emergency drivers feature wireless connectivity to deliver emergency lighting data directly to a mobile device. ILB AELR emergency drivers automatically conduct the required monthly and annual tests. Using the STAR (Self-Testing Automated Reporting) app, users can view and export reports to comply with emergency lighting record-keeping requirements.

BASKETBALL BACKSTOPS

IPI by Bison's Y-Frame Ceiling Mount Basketball Backstop Structures are easy to operate and designed to last longer than the gym itself with a limited lifetime warranty. Center drop tubes include 35% more structural steel than other manufacturers, and the entire Y-Frame is welded with extra gusseting at critical connecting points. Y-Frames complement IPI's wall mounted backstops, divider curtains, and wall padding.

www.ipibybison.com

ROBOTIC FLOOR SCRUBBER

Kärcher's robotic floor scrubber—the KIRA B 100 R—handles the tedious task of cleaning floors on its own, so staff members can focus on higher-value tasks. Using a cloud-connected AI operating system, it autonomously cleans large areas and specified routes quickly and safely, navigating people and obstacles.

Introducing the NEW Leaf Dragon Leaf Loader

6900 CFM of high volume leaf removal burns through leaf cleanup fast

- True curbside set up offers 45 sq. ft. of clean-up coverage, 2x that of other units on the market
- No-tool 2-pin door closure accesses impeller and liner for quick inspection
- 12" wide, 10-gauge soft angle steel discharge chute better spreads the load and offers reduced wear
- 37 gross HP* Vanguard® EFI for easy automotive-type cold weather starting and **fuel savings** up to 25%**
- 6900 CFM and 16" diameter intake for **high productivity**
- Belt driven with longer belt for increased life
- Road-ready DOT trailer is integral

*All power levels are stated gross horsepower at 3600 RPM per SAE J1940 as rated by Briggs & Stratton.
**Closed-loop EFI system fuel savings may vary based on debris loading conditions and other factors.

CAMPUS ID CARD SECURITY

TouchNet's 360u app gives students a single point of access to manage their campus life. From this single sign-on app, students can access buildings, check in to class, register for activities, add funds for purchases, and navigate campus. For staff, 360u syncs with campus systems for streamlined insights, management, and informed decisions.

www.touchnet.com

SAFETY MATS

PIG Grippy Floor Mat, the world's first adhesive-backed absorbent mat, eliminates trip hazards commonly associated with standard carpeted or rubber-backed floor mats. There's no shifting or bunching up. Grippy stays flat and tight to most common commercial floor surfaces but peels up easily, so disposal and change-outs are a breeze.

www.newpig.com

PRO MICROPHONE SYSTEM

Even in the best situations, it is often difficult for instructors to make sure every student in the room can hear them clearly. Extron's VoiceLift Pro Microphone System offers an effective, economical amplification solution that distributes the instructor's voice throughout the room, enhancing communications and helping ensure good vocal health.
